9. Click Material Location text box **Total Quantity**.

Here is where you can view the availability of the on-hand qty.

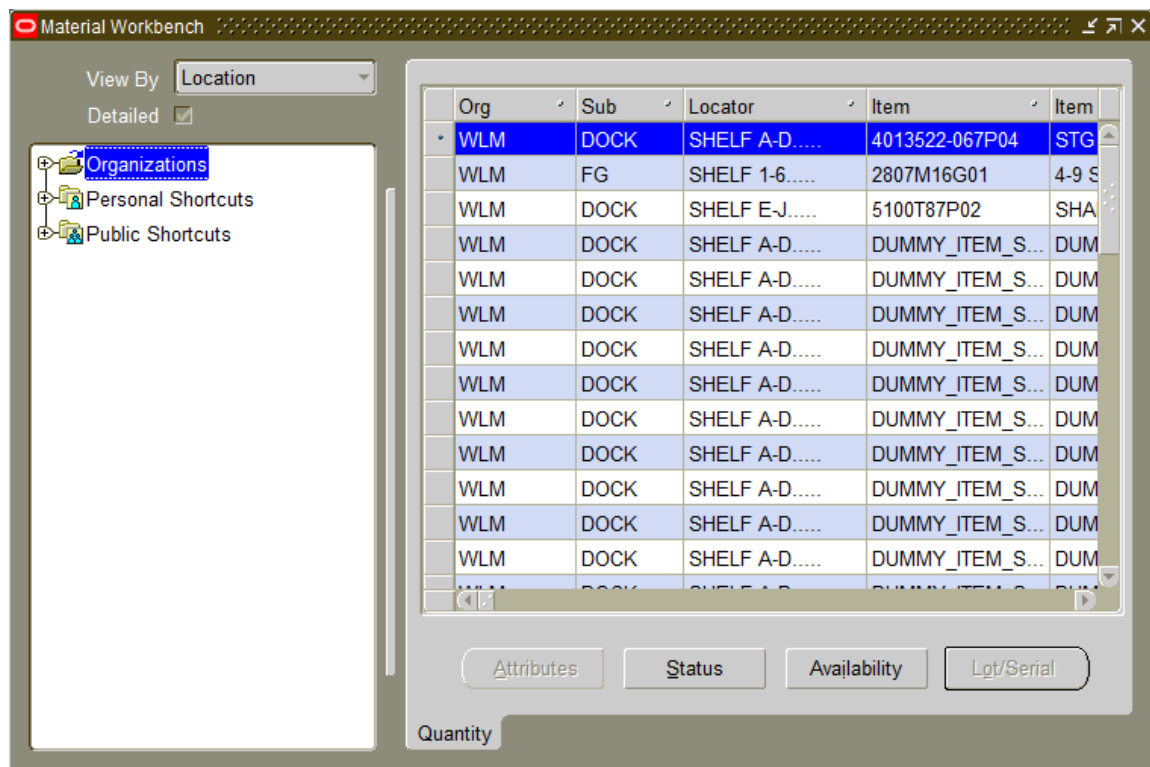

### *Material Workbench*

The screenshot shows the 'Material Workbench' application window. On the left is a sidebar with a tree view containing 'Organizations', 'Personal Shortcuts', and 'Public Shortcuts'. The main area displays a table of inventory items. The table has columns: Locator, Item, Item Description, Status, UOM, On-hand, and Serial. Two rows are visible, both for 'RACK 4.....'. The first row is for item '5101T76P01' with description '#5 SEAL RUNNER', status 'EA', and an 'On-hand' quantity of 49. The second row is for item '5114T55P01' with description '# 5 LAB AIR SEAL', status 'EA', and a quantity of 49. Below the table are buttons for 'Attributes', 'Status', 'Availability', and 'Lgt/Serial'. A 'Quantity' label is at the bottom left of the table area.

Locator	Item	Item Description	Status	UOM	On-hand	Serial
RACK 4.....	5101T76P01	#5 SEAL RUNNER	EA	EA	On-hand	
RACK 4.....	5114T55P01	# 5 LAB AIR SEAL	EA	EA	49	

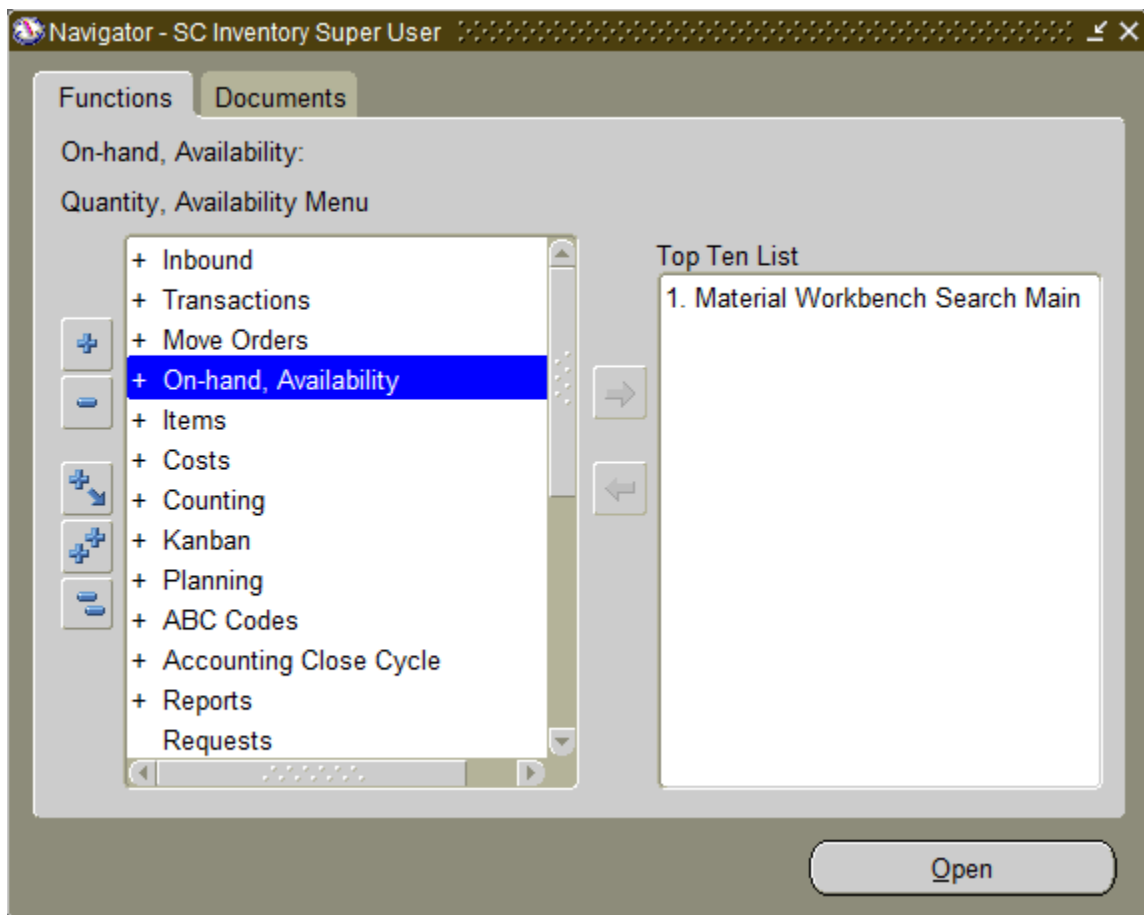

10. To customize your inventory view you can expand this window, drag and drop the desired columns into the order you prefer.
11. Click and hold to rearrange columns. A quick click will sort the column so click and hold before dragging and dropping.

## Material Workbench

12. Click  to exit.

*Navigator - SC Inventory Super User*

Now, we will search for on-hand availability to see what is in a specific Sub-Inventory & Locator.

14. Click **+ On-hand, Availability**.

### Query Material

The screenshot shows the 'Query Material' window. At the top, there are input fields for 'Query' and 'Description', and a 'Public' checkbox. Below these is a 'Material' section containing fields for 'Organization' (with a dropdown showing 'WLM' and 'SCP - WLM Wilmington C'), 'Subinventory', a checkbox for 'Show Disabled Subinventory/Locator in LOV', 'Locator', and 'Quantities' (with a range selector). To the right of the 'Material' section is a 'Material Locations' box with checkboxes for 'On-hand' (checked), 'Receiving', and 'Inbound'. Below the 'Material' section is a 'View By' dropdown set to 'Location' and a 'Detailed' checkbox. A tabbed interface is visible with tabs for 'Item', 'Lot', 'Serial', 'LPN', 'Project', 'Consigned/VMI', 'Interorg', 'Supplier', and 'Receipt'. The 'Item' tab is active, showing a form with fields for 'Item / Revision', 'Description', 'Item Cross References', 'Cost Group', 'Status', 'Category Set' (with a dropdown arrow), 'Category', and 'Material Classification Code'. At the bottom of the window are four buttons: 'Save', 'Delete (A)', 'Clear', and 'Find'.

### Query Material

The screenshot shows the 'Query Material' application window. At the top, there is a title bar with the text 'Query Material' and standard window controls. Below the title bar, there are input fields for 'Query' and 'Description', with a 'Public' checkbox to the right of the 'Query' field. The 'Material' section contains several fields: 'Organization' (with a dropdown showing 'WLM' and 'SCP - WLM Wilmington C'), 'Subinventory' (empty), a checkbox for 'Show Disabled Subinventory/Locator in LOV', 'Locator' (empty), and 'Quantities' (two empty fields separated by a hyphen). To the right of these fields is a 'Material Locations' section with three checkboxes: 'On-hand' (checked), 'Receiving' (unchecked), and 'Inbound' (unchecked). Below the 'Material' section is a 'View By' dropdown menu set to 'Location' and a 'Detailed' checkbox. A tabbed interface is visible with tabs for 'Item', 'Lot', 'Serial', 'LPN', 'Project', 'Consigned/VMI', 'Interorg', 'Supplier', and 'Receipt'. The 'Item' tab is selected, showing a form with fields for 'Item / Revision', 'Description', 'Item Cross References', 'Cost Group', 'Status', 'Category Set', 'Category', and 'Material Classification Code'. At the bottom of the window are buttons for 'Save', 'Delete (A)', 'Clear', and 'Find'. The status bar at the very bottom shows 'Record: 1/1', 'List of Valu', and '<OSC>'.
